THE MARKETS.
The prices paid by grain merchants in Edmonton and Strathcona this Thursday afternoon for:

Oats—20 to 22 cents a bushel. There is very little coming in but the sample is good. The best oats have been held and are just now commencing to come in.

Wheat—38 cents a bushel is the top price paid. The sample is very good but the deliveries are light at present. We quote the prices paid for hay at the Edmonton market:

Hay—\$6.50 to \$9 a ton. The market fluctuates, some times there being a number of loads of hay on the market and at other times there being very little. To-day several loads went for \$6.50 a ton and immediately after, hay, and of scarcely any better sample sold at \$9 a ton. The average price paid is about \$8. There seems to be no reason why the price of hay remains as high as it does for there is about 100 tons stored in town.

The following prices for butter, eggs and potatoes have been got from different merchants around the town:

Butter brings 25 cents a pound. Good butter is scarce and will bring 30 cents a lb in places although 25 cents is the prevailing price.

Eggs are coming in in large quantities and the price paid does not exceed 20 cents a dozen.

Potatoes seem to be scarce and bring 36 cents a bushel.

The following prices of farm produce are being paid at different shops in the town.

Beef, 31-2 to 4c, live weight.
Pork, 41-2 to 5c a lb, live weight.
Mutton 41-2 to 5c a lb, live weight.
There is very little fowl coming in.

The prices are:
Turkey, 15c a lb.
Geese, 121-25c a lb.
Duck, 10c to 121-50c a lb.
Chicken, 10c to 121-25c a lb.

TOWN COUNCIL

The regular meeting of the town council was held in the council chamber on Wednesday evening at 8 p. m. Those present were Mayor Fraser, and Councillors Gallagher, Fraser and Ross.

The minutes of last meeting were read and adopted on motion of Gallagher-Fraser.

C. W. Sutter was present and addressed the meeting with regard to the furnishing of lumber for immigration tents. He requested that the council not only furnish the flooring but also put in benches. After some discussion this was agreed to on motion of Gallagher-Fraser.

Frank Oliver, M. P., was present and addressed the meeting with regard to the pamphlet that the Bulletin Co. is issuing. He showed the desirability of having proper immigration literature applicable to the Edmonton district under the present conditions. On motion of Ross-Fraser it was decided to purchase 5,000 copies of the pamphlet from the Bulletin Co. for a lump sum of \$400 for free distribution.

A representative of Mr. Heu of the Queen's Hotel, addressed the council and asked permission on account of the rush of immigration to erect a temporary building on the back part of lot C. Moved by Ross-Gallagher that the request be granted, provided that reasonable fire escapes be erected and that the building designed be used for this season only.

A petition was presented by Messrs. Killen & Gilbert requesting a sidewalk stairway down the hill on 4th street. On motion of Gallagher-Ross the matter was left with the board of works with power to act.

Letters were read from W. T. Ashbridge, the first regarding on the application of Sigler & Pickard for the extension of the present water and sewer system to serve McDougall street south, the second letter, requesting that a fence be built around the tile yard at the market square, and that the line house be moved. It was noted by Gallagher-Ross that all these existing sewer connections, not contemplated in the present system, should produce petitions stating the number of residences to be served and showing the prospective return on the necessary outlay. The engineer and secretary-treasurer were appointed a committee to frame an advertisement on these lines. On motion of Fraser-Ross the recommendations of the engineer were adopted and will be carried out as soon as possible.

A letter was read from K. A. McLeod asking for sewer connections for his block. This application was laid on the table.

A letter was read from the secretary-treasurer of the fire brigade applying for their annual grant. On motion of Fraser-Gallagher the request was granted, the money to be paid according to the usual custom.

N. D. Beck wrote the council concerning the claims for delay in delivery of material by the C. G. E. Co. company and the steam engineering company. On motion of Ross-Fraser this matter was referred to Mr. Beck, Mr. Ormsby and the secretary-treasurer to ascertain a figure on the claim and to be satisfied by the town through the delay in the completion of the electric light extension in the delay delivery of machinery.

Constable Dean wrote the council on the dangerous condition of the opera house. The recommendation was referred to the building committee for immediate action on motion of Ross-Gallagher.

A communication from Munson & Allen stating that the \$3,000 was paid by the town to the C. N. R. Co. to be used for the purchase of a C. N. R. site, and further requesting that, where the owners have through which the C. N. R. will pass, will ask an appropriate price for their land, the council adjourned to the day commencing. The letter was referred to the secretary-treasurer for reply on motion of Ross-Fraser.

Councillor Fraser reported on Mr. McLaughlin's salary. On motion of Fraser-Ross, Mr. McLaughlin will be paid a salary of \$30 a month with fire, water, light and other accommodations, said increase to take place from March 1st.

The consideration of Mr. Peck's request for an increase of salary was laid on the table.

Engineer Targen reported all tanks on Jasper avenue full and in first class condition.

The time of sitting was extended one half hour on motion of Ross-Fraser. On motion of Fraser-Ross Mr. Kincaid's report concerning the local improvements as regards sidewalk construction was carried.

Councillors Fraser and Ross were appointed a committee to inquire into fire protection and to instruct the solicitor in framing an amended by-law for fire protection and building restrictions on Main street.

The secretary-treasurer stated that he was ready to proceed with the assessment and requested that a committee consisting of the mayor and Councillors Gallagher and O'Connell, be appointed to get with him on the ap-

assessment committee for the coming year. Carried.

A. JAN, O. M. I.

HORSE HILL

The pastime of Horse Hill has resigned his position, to become a coal baron, the present salary not being adequate with the growing times.

Walter Handy has been laid up with a serious attack of jaundice, but is now recovering gradually.

Mr. and Mrs. Wall returned last week from Benfrew, Ont., where they have been spending a three months' visit.

The final examinations of the C. N. R. surveyors here, was made last week by the party under Engineer Bremner. This, definitely settles which of the lines is to be used, and construction will begin shortly.

Messrs. Jack Coleman and Simon Barwick accompanied by N. McGilvray and Wm. Coleman passed through here yesterday with several loads of freight, bound for Ely Cross, beyond Chippewyan, where they intend to establish a trading post. They expect to reach their destination about the middle of May.

Mr. and Mrs. Marshall and family of Montreal, came in on Saturday with several loads of household effects. They intend to settle in this district, and are at present stopping at Mr. E. Coley's.

The Fort Saskatchewan road has assumed more importance this winter, than ever before. The freight traffic for the Landing and other points north of there, which formerly went mostly by the Sturgeon road, have now, altogether adopted this road as being shorter and better. Freight also passes here in enormous quantities for points to the east and northeast of here. Mr. Helfrich, of Poplar Lake, passed here on Monday with freight for Beaver River.

We think it is time the government ought to locate an experimental farm in the Edmonton district which would show to the world at large that this is an agricultural region unequalled today on the American continent. Many people in the east as well as abroad, still think it only fit for fur bearing animals, trappers and Esquimaux.

Fred McLaughlin has sold his farm, and has now become a coal baron. He has been chopping wood and carrying water for the corporation long enough. He saw no prospects of ever becoming a millionaire on the farm, nor yet the chance of ever being able to endow colleges and literary institutes or have his name handed down to posterity as a philanthropist. As a baron of the black diamond this might become possible, judging from what has been said elsewhere.

March 18.

MILLET

J. P. Mullen is getting his house repaired and improved.

J. H. West and W. J. Sickiestwah, who are going to open a large general store, are here now, and will commence building immediately. They have secured the service of G. Dornell, contractor, and H. Gray.

Mr. Smith, of Strathcona, who purchased the general store and property of W. Connelly, arrived this morning with a carload of merchandise.

Harry Dornell and wife, and Mrs. G. Dornell and daughters, departed yesterday for Kansas, where they will spend some time visiting friends and relatives. We wish them a speedy return.

Mrs. J. H. West arrived on Monday. They will take up their residence in Mr. Henry Laird's house.

Mrs. Smith arrived yesterday from Strathcona, to take up her residence here.

J. A. Barrie made a business trip to Edmonton and Fort Saskatchewan this week.

A football meeting was held in the Arlington hotel Monday evening. J. A. Barrie was appointed captain, and J. Worley treasurer. Look out for the shamrocks, when the grass gets green.

A brand new safe arrived the other day, for our postmaster, Mr. F. Bladon. J. Bladon, our loyal butcher reports business good.

JANES

The annual meeting of the ratepayers of this village was held in the school house on Tuesday night, John A. Simpson, Esq., M. L. A., in the chair. There was a large turnout of the ratepayers, the school house being crowded to the doors. It is very gratifying to find the ratepayers taking such an interest in the welfare of the town. After considerable discussion it was decided to expend \$1,500 during the coming year on the repairing of old and building new sidewalks, draining and repaving the streets and digging a large well for fire protection.

St. Patrick's day was celebrated by a dance in the evening in Archer & Simpson's Hall. Owing to the short notice given the turnout was not as large; one but those who did go, enjoyed themselves to their hearts content. Bear's orchestra furnished the music.

A. McPee, Dominion land surveyor, has returned to town, having completed his contract west of here. While running a line which happened to go over a bear's den containing a she bear and two cubs, a little argument arose as to the right of way, the bear objected to "Mac's" presence and as

"Mac" did not have a very friendly feeling towards the bear, as he had just which resulted in Mac bringing back the hides of that particular bear family.

The late cold snap has put the ice in fine condition, and the curlers have been taking full advantage of same. A rink under skip Douglas went up to Red Deer and played a couple of games, resulted in a win for the final team by 19 points.

Land hunters and settlers are beginning to pour in, among the more recent arrivals we might mention the Rev. Mr. Grill, of Neola, Iowa, who took up homesteads for himself and five other friends: Mr. P. L. Jones and L. Jones, from Minnesota; Messrs. Sarchett and Munford, from Nebraska, each of whom have brought a can of stock and effects.
